

## **MIX TELEMATICS**

### **Latin American rollout planned**

MiX Telematics would expand to Latin America in its 2011 financial year, chief executive Stefan Joselowitz said yesterday. The vehicle tracking, recovery and fleet management company would also launch a vehicle recovery business in Europe in the third quarter of the year. MiX Telematics said last year it wanted its offshore business to deliver 75 percent of its total revenue. It has seven international offices, including South Africa, and a presence in 111 countries. – Asha Speckman
