

Donations for SPCA

The SPCA received R1 400 from MiX Telematics to help them upgrade kennels and buy blankets.

08 August 2011 | Staff Reporter

Miekie Liebenberg, executive head of operations at MiX Telematics, said, "What started as a small company initiative to raise money for blankets for the animals grew and the employees stepped up, generously giving to this very worthy cause. "

"The money donated will be used to upgrade the kennels as some of the walls are simply too low, with wire mesh connecting the wall and roof, offering very little protection from the elements. The idea is to extend the walls to the roof to ensure the kennels are warmer," he said.

He said he was delighted to be able to give back to the community in some way and having experienced such a bitterly cold winter, the money would certainly come in handy and provide a lot more comfort to the animals. We look forward to visiting again to see the kennels once they have been upgraded.

Elsje Naicker, manager for the SPCA said, "We will now be able to replace the unsightly green plastic sheet we use as a barrier at some of the kennels. My thanks go to MiX Telematics staff and management for this very welcome donation. They are angels for assisting us and the money could not have come at a better time."
